From: Product Management, Portable Fire Extinguishers
Subject: Badger Advantage 10LB Corrosion Resistant Fire Extinguisher

Badger Fire Protection is proud to announce the launch of our latest innovation in fire safety: the **Badger Advantage 10LB Corrosion-Resistant Fire Extinguisher**. Purpose-built for durability and reliability, this extinguisher is ideal for commercial applications in coastal regions, Great Lakes areas, and other environments with elevated levels of airborne salinity.

This new model features a **zinc-rich undercoat, a durable top-coat, and stainless-steel rivets—delivering superior corrosion resistance in harsh conditions.** It also incorporates the latest enhancements introduced with the 2024 Badger Advantage product line, including:

- Hex hose coupling
- Indexed forged valve body
- Large loop tethered stainless-steel pull pin
- Easy-to-read bilingual nameplates
- Grip-fit hose retention band/strap
- FX EZ Tag QR code with key product metadata to optimize service efficiency

As part of the Badger Advantage product line, this extinguisher offers exceptional value without compromising performance or reliability.

Whether you're protecting marine facilities, waterfront properties, or industrial sites exposed to corrosive elements, the Badger Advantage 10LB Corrosion-Resistant Fire Extinguisher delivers peace of mind and long-term protection.

For more information or to place an order, please contact your Badger regional sales representative or Badger customer service.
